

h for engineering drawing pdf

An engineering drawing, a type of technical drawing, is used to fully and clearly define requirements for engineered items.. Engineering drawing (the activity) produces engineering drawings (the documents). More than merely the drawing of pictures, it is also a language—a graphical language that communicates ideas and information from one mind to another.

This Manual establishes a formal system of drawing requirements for LANL personnel and its subcontractors for nuclear and non-nuclear facilities. It is required when creating or modifying drawings and sketches for LANL facility, utility, infrastructure, and environmental programs projects. Its use is recommended for programmatic work, where appropriate.
