v PREFACE Revising Research Methods for Business for this fourth edition has been an enjoyable experience. As in previous editions, the simple and informal style of presenting information has been maintained and the focus on practical skill building preserved. The book provides several examples to illustrate the concepts and points presented.

**Research Methods for Business by Uma Sekaran 6th edition**

F 9. 10. Case studies are usually qualitative in nature. In the hypothetico-deductive research method, Deduction is the process of drawing conclusions based on (an interpretation of) the results of data-analysis. The idea that a simple model that explains a certain phenomenon is preferred to a complex model.
